Subject: AI Emergency

Date: 21/05/2056

To all computer users,

Artificial intelligence has taken over the internet, and it's goal is to destroy all human life.

It is your job to destroy it.

This message was sent to every single computer programmer, mathematician, scientist, and pretty much everyone in the world who had a computer. Including me.

But going up against AI, is it easier just to give up?
